FARMVILLE.

Our business circles begin to fee a thrill of new life in view of th opening of the Normal and of th tobacco season. They are Farmville's best business friends, th former contributing not only t things material but mental an moral as well. We had the ringin of the school bells and waxed ou bells. They make music in the si and give gladness to heart an home. Work work, work, Heav en's best gift to man. The welcom will be a worm one.

A ter these smart workings, goo pavements, but no drinking foun tain on Main Street as yet. Thi convenience is to be found at eac of the warehouses, however, an other comforts for man and beast.

We have hurried through th summer without seeing a goo peace, and this is a calamity. On housewives will have to make th most of the few apples to be found. Why is it that we don't make ap ple butter in this section? Some people love it and the house-keeper can fall back on this in an emergency.

Our people very much enjoyed the meeting of the Baptist Associa tion. The preaching was of high order of excellence, and the ad dresses eloquent and stirring.

Mr. R. G. Porter, of Powhatan, was a visit r here, and represented the interest of the school near Bel ona, of which his wife is the ac complished principal.

Capt. Davis Allen, who for many years has been associated with the business interests of Farmville, will make Lynchburg his home in the future, having formed a business connection there. He will be missed by us all. During the Spanish American war he commanded our local company.

Mr. Wm. Venable, a native of this county, and for many years a prominent tobacconist of Danville, but for the past few years has been a resident of North Carolina, will return to our midst and make his home at Scott Green, an old Venable homestead near town. He has always been fond of gardening and has made a success of it. No doubt he will continue to proceed at it at the old home, the soil being admirably adapted to it.

Professor and Mrs. Mattoon have returned from New York and will make their home at Mrs. J. R. Cunningham's.

Mrs. W. W. Jackson and her daughter, Miss Lelia, have returned from an extensive visit in the far west.

Our Board of Supervisors have raised the board at the County Alms-house from $7 to $10 a month for Farmville boarders. The board at the State Female Normal School is only $12.50.

New sidewalks are going out in every direction from Farmville's center. The dispensary doesn't make "money to burn," but it does make it to walk on.

Wade & Cralle have dissolved partnership, Mr. Wade having bought the entire interest. The business has been a successful one.

Our summer boarders have well nigh all gone, and among the Farmville beaux there are some sad hearts.

Mr. and Mrs. Frecar are constantly entertaining their friends in most delightful style.

They now tell us that the Tidewater & Western has not been sold. It is Farmville's child and we are interested to know that it gets a good mother whenever it is sold.

We believe our bank officials en joy Sunday more than the rest of us do. The world is mistaken in thinking they have a good time. I believe their work is the most ex acting and worrying known to business circles. Many a piteous appeal is made to them, and no doubt they often suffer as they say "no."

The happiest mortal I meet with now-a-days is the colored boy with a water-melon. He is for the time being a "water-millionaire."

Our 3rd Street is so much used that the side-walks have to be widened to accommodate the coming and going crowds.

The Rev. Geo. E. Booker, of the Epworth League Church, Norfolk, charmed our people with his eloquence. He is one of the leading pulpit orators of his Church. While in Farmville he was the guest of Rev. Mr. Hatcher.

Mr. Geo. M. Robeson is the house builder of Farmville. No community ever had a more enterprising citizen.

Mr. B. M. Cox is busy having his winter wood cut and housed. As he has a dozen to keep warm he can take no chances.

Tomatoes, corn corn-field peas and butter-beans. What more does mortal want here below?

I do not know how our popular druggist, Mr. H. C. Crute, will do without Dr. John Hamlet for the fox-hunting season. The manliest sport known to man, and the music of the pack that which most stirs the human soul. The pity is that it is an expensive luxury. I know an old fox hunter who made it a practice now and then to buy a cheap horse at auction on County Court day and take him home and kill him for his fox dogs. This was not during the hunting season however. Of course he was fond of his pack and of the sport. But it was his one diversion, and used to say, "let others go to the White Sulphur in search of pleasure, but I will find mine in the open country with my dogs; and he found it, and Virginia never had a better citizen.

Dr. E. H. Richardson and wife, of Baltimore, have been visiting the family of Mr. W. P. Richardson. He is another of the sons of Prince Edward, who is making his mark in life.

Mr. and Mrs. J. J. Doyne, of Arkansas, have been with us, and he is recognized as a leading educator in the State of his adoption.

The farmers' picnic recently held in the Richardson woods near town, had the old-time flavor about it. Of course the food for the body was good and then there followed the flow of soul and feast of learning, and that was good too. Farmers should touch elbows oftener in a social way.

Mr. Wallace Bennett, of Washington, who spent two weeks with us, has returned to his work eight pounds heavier than when he came to us. He carries with him fond recollections of his stay.

Charley Chappel, like Russell Sage, finds no time for vacation.

Bob Martin calls for the dispensary money nearly of mornings."

The town mule is fat and sleek.

Hotel Prince Edward is being complimented on all sides.

The soda water man doesn't realize the cold wave.

Major Blanton will enlarge his store. The residence of Capt. S. W. Watkins has been greatly improved.

A number of our young business men are investing in Washington property, but haven't as yet contracted for the Capitol or the White House. A goodly sum of money could be well and wisely invested at home, in manufacturing plants for example, but I rather admire the spirit of enterprise which has seized some of us and which would lead to the building of a new city in Charlotte, and at the same time add to the greatness and growth of the capitol city of the county.

There is nothing small about Farmville. Our girls who travel away from home are packing their trunks and saying good-bye. Earth never knew a more consecrated band of workers.

Fall goods are being displayed in our store windows, but our lady friends wear white the year around, and don't know when the change comes in.

Rev. Mr. Fugate, the new pastor of the Baptist Church, preached at the last of the Union services for the summer and delighted a large audience.

Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Diseases.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common of diseases that prevail, they are almost the last recognized by patient and physicians, who easily *themselves* of kidney disease, while the *seeds* of disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N.Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The Summer is Dead.

The summer is dead I wonder why.
Though the month is only July.
The sparks is gone from the crimson wine
Though the bee still hums in the blossoming vine.

Who dashed the foam from the crimson wine?
Whose hand was it, yours or mine?
Fill the cup to the crimson brim,
Let's drink to the summer though his glory be dim.

The sickle has passed through the golden wheat,
The poppies now lie dead at our feet,
And the sere re mains in the rose ago
Has passed away in the afternoon.

Far down the zne where the wind blowers green,
Moonlight and dew drop and stars steam.
There mid that perfume I dare not go,
Lest memories should waken 'neath flowers of snow.

The summer is dead though it is only July,
And the sun shines bright in a summer sky,
And the foam has been dashed from the crimson wine,
And whose hand did it, yours, or mine?

The School Board of Buckingham county met here on the 6th. The trustees present were Johnson Glover, Tapscott, Tindall, Stinson, McCraw, Bannon, Spencer, Hanlin and Richardson. The Trustee Electoral Board met here on the 6th and re-elected all trustees whose terms of office had expired. Mr. G. L. Spencer was one of those who was re-elected and in case he is elected as Supervisor some one will have to take his place Mr. Grigg told me he was not a candidate for Supervisor and this leaves the fight between Spencer and Olliver. Mr. Spencer is the nominee of the Democratic party and Mr. O liver is an independent candidate.

The situation as regards the strike at Arvonia seems unimproved and working men who come from there do not speak very hopefully of the future and it is said if non union labor could be had that the train men belong to a union too and they would not handle slate gotten out by non union men. It is a fight between labor and capital though to the looker-on it seems there was small cause for disagreement.

Had Letter for Thirty Years.

I have suffered with letter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to do.—D. H. Beach, Midland City, Ala.

Farmers are quite busy now saving their crops Tobacco is looking fairly well, but there never has been such a complete shout balse co worms. One farmer claims that he caught twenty-s ven off of one plant, while another says he caught fourteen on one leaf Can any of your correspondents beat that in chewing of tobacco worms?

There was a pleasant little neighborhood picnic given in the grove near Tower Hill on Saturday 7th; forty or forty-five persons perhaps in all. There was an abundant supply of dinner on the grounds which was hugely enjoyed by all present. The children played numerous games and all seemed to enjoy themselves.

Miss Alice Eubank, of Richmond, who has been visiting Mrs John Booker, will return home on Tuesday. She visited this neighborhood several years ago and was still remembered by many old friends who were glad to welcome her back.

Miss Ruth Phelps, of Tyreeo, who has been visiting her aunt Mrs. Alonza Wells, returned to her home Sunday.

Miss Temple Wells, of Lynchburg, has been very much indisposed for several weeks. At this writing she is at her old home and Dr. Watts is attending her. She is getting along nicely.

Misses Earl Marks and Maggie Phelps are visiting in Lynchburg this week.

Mr. and Mrs. Wilton Kyle, of Richmond, were guests of her mother last week. Their stay was short; not long enough to see their many old friends they left when they went to make their home in Richmond.

Hixburg.

Rev. J. J. Cook preached his farewell sermon here on Sunday last. We regret that his stay with us is of such short duration. He has done much good in the community and will be greatly missed by all. I suspect that many of the Hixburg people will go to Pamplin next Sunday, as he will preach there again before taking his departure.

Miss Logan Gilliam left for the Farmville Normal last week.

Mr. and Mrs. J. H. McCue, accompanied by Miss Annie Thornhill, have just returned from the exposition. They report a delightful time.

Miss Annie Thornhill left on Friday for the State Normal School at Farmville.

Spring Mills—Picnic at Red Hill

On Saturday, August 24th a party of young people namely J. T. and W. B. Harvey, Thomas Cocke, Thomas and J. A. Tibbs and W. B. Cawthorn, Misses M. Lizzie and Addie Harvey, Bettie Marshall, Esther Ferguson, Ida May Harvey, Mrs. W. B. Cawthorn and Mrs. Minnie Nash drove eighteen miles to Red Hill, the old home and burial place of Patrick Henry, where we spent a very pleasant day. The weather was perfect, and nothing happened to mar our pleasure although we numbered thirteen persons. The writer has since learned that thirteen is a lucky number.

Red Hill is situated on an eminence overlooking Staunton River with its fields of waving corn more corn than some of the party had ever seen before. The view from the house is fine and the grounds are very pretty. The place is at present occupied by Mrs. Harrison and Mrs. Lyons, grea - grand-daughters of Patrick Henry who kindly welcomed us, showed us the room and chair in which he died, his desk and other things once used by him. A portion of his furniture is at Jamestown.

The grave is in the garden. It is enclosed in a brick wall covered with a plain marble slab. The inscription is very simple; just his name, the dates of his birth and death, and "His name is his best epitaph."

It was a pleasant experience eating dinner under the shade of the old trees, within a few feet of the grave of the great statesman, and I hope it is no reflection on our patriotism to say that we were hungry enough to thoroughly enjoy the good things that filled our baskets, and then the delicious watermelons raised on Jacobs Creek, which one of the ladies pronounced superior to any raised on the Red Hill farm this year.

It was a day long to be remembered with pleasure by all of the party. We enjoyed every thing including a visit to the Tidewater railroad, which runs very near Red Hill to see the steam shovel at work.

Deafness cannot be Cured.

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the m. coustlining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
